Please Read Before Ordering

This is our revised catalog as of October 1, 2007. We have added some new parts and deleted some of the old ones. If you do not see a part pictured, ask as we are always adding new parts to our inventory.

Most parts listed in this catalog are approximately 1:16 scale. They are intended for restoration or customizing toys that will be displayed. The parts are **not recommended** for toys to be played with by small children.

We require all orders to be prepaid by money order, personal check, Visa or Master Card. Please add \$7.50 for shipping and handling (minimum). Be sure to give us your correct street address and post office box number, and telephone number. **Canadian orders require Master Card or Visa Because of new confusing rates postage will vary.**

Next Day Air: Not Available -- **Prices Subject to change**

Please **print/write** your order legibly and be sure to include your **phone number** so we may contact you if we have a question. Returns must be made within 45 days of shipment. Returns will be refunded or credited to your account if returned in same condition. Postage nonrefundable unless it is our mistake. **It is not our mistake if orders do not include: quantity, part number, description, and color if it applies.**

We hope the Toy Parts Peddler will provide a valuable service for our fellow collectors. If you have a problem with your order, our parts, or our service, please call us immediately so we may quickly correct it to your satisfaction. If you like our parts and service, **PLEASE TELL EVERYONE ELSE!**

Thank you for your patronage. We look forward to serving you in the near future.

Jim
